

# 5000GB Series

## Gas Board Vent

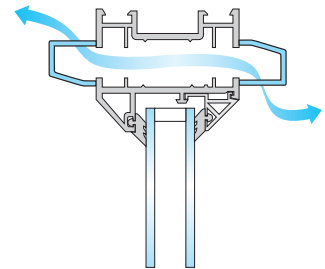

- Meets building regulations – BS 5440 Part 2:2009
- Permanent air flow
- Available in a range of colours including mixed internal and external parts

The 5000GB Gas Board window slotvent has been designed specifically to meet the requirements for BS 5440 Part 2:2009 (specification for the installation of ventilation of gas appliances) which requires permanent supply of combustion air for heat producing appliances.

The external unit is hooded to prevent weather ingress; the internal unit is inverted to deflect air supply upwards.

5000GB

Part Code	Equivalent Area (mm <sup>2</sup> )	Slot Height	Colour	Box Qty
5000GB		13mm		
5000GBW	5000		White	50
