

D & HD Series Vent

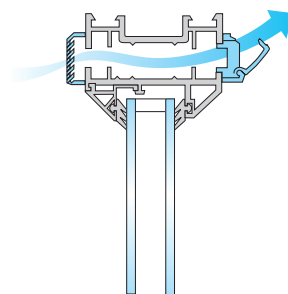

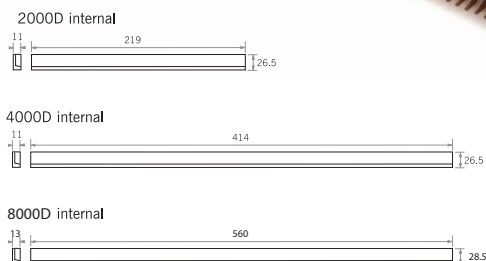

MECHANICAL
GUARANTEE
10
YEARS

- Front operated
- 8000mm² version available
- Stylish design
- Unique flyscreen/external louvered grille
- Upward air deflection to reduce draughts
- Available in a range of colours including mixed internal and external parts

The D-type is a stylish range of slotvents which provide unobtrusive ventilation for PVCu or timber windows. The patented design of the fly screen's hydro shedding fins ensures that rain falls away from the window frame.

HD Vents require an 18mm high slot and can then be used where there is a constraint on the slot width.

Part Code	Equivalent Area (mm ²)		Colour	Box Qty
	Slot Height 13mm	Slot Height 16mm		
2000DF				
2000DFW	1400	1700	White	50
2000DFB	1400	1700	Brown	50
4000DF				
4000DFW	2800	3300	White	50
4000DFB	2800	3300	Brown	50

Slot Height 18mm				
8000HDF				
8000HDFW	6800		White	50
8000HDFB	6800		Brown	50
