

# Duraplus Atlanta

## Door Handles

- One length backplate with two fixing centre variants
- 92mm and 62/92mm PZ centres
- Suitable for door thicknesses 44mm – 70mm
- Supplied with spindle and screws finished to match backplate
- Reversible Handing
- French door option available (page 82)

### Monobloc = Handle

levers are supplied fixed to backplate.

### Quick Fit = Patented handle fixing design.

Handle set can be fitted in as little as 8 seconds. Levers are supplied separate from backplate.

### Technical Information:

- Cast aluminium levers and sculptured cast aluminium backplates
- Spindle: 8mm<sup>2</sup> x 140mm
- Screws: 2 x M5 x 80mm

The Duraplus range from Hoppe has been developed to offer "more than the usual" providing functionality and design to a standard not usually found at this price level.

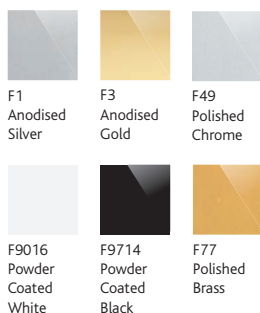

### Application:

The lever/lever handle set is for use with lift lever operated multipoint locking mechanisms with a 92mm PZ centre with a choice of type A (short) or B (long) backplate to suit the door lock fixing centres.

The lever/moving pad handle set is for use with "split spindle" multipoint locking mechanisms, such as the FUHR 859 series and the XL range. The lever/moving pad handles area available to suit 92mm PZ centres with type A (short) or B (long) backplates, and an offset variant (B Backplate) for 62/92mm PZ centre locks (special spindle sets supplied by the lock manufacturer are required for lever/moving pad handles).
