## Tilt & Turn Handle

**HOPPE** 

MECHANICAL  
GUARANTEE  
**10**  
YEARS

- Dual function, can be used in tilt/turn or turn/tilt mode
- Handle can engage in four 90° positions
- Made from aluminium

Tilt before Turn (TBT) handles offer dual function: as delivered, the handle is set for use on tilt first windows. When locked, the handle can be moved through 90 degrees to enable the tilt position without unlocking the handle.

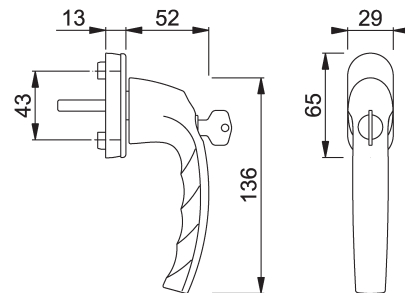

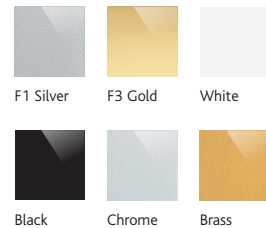

If required, prior to fitting, the base plate can be turned through 180° and then the handle can be locked in the fully closed position. It can also be operated as a standard tilt and turn handle.

### Technical Information:

- Spindle: 7mm square
- Spindle length: 32mm, 38mm and 44mm
- Fixing centre: 43mm
- Fixing lugs: 10mm
