

# Stallion 2

## Shootbolt Espagnolette

- Fast-Fit telescopic design
- Stainless Steel for ultimate corrosion resistance
- Simple to fit, no cropping required, clips into eurogroove
- Rising adjustable cams for improved compression
- Strikers for PVCu and timber systems

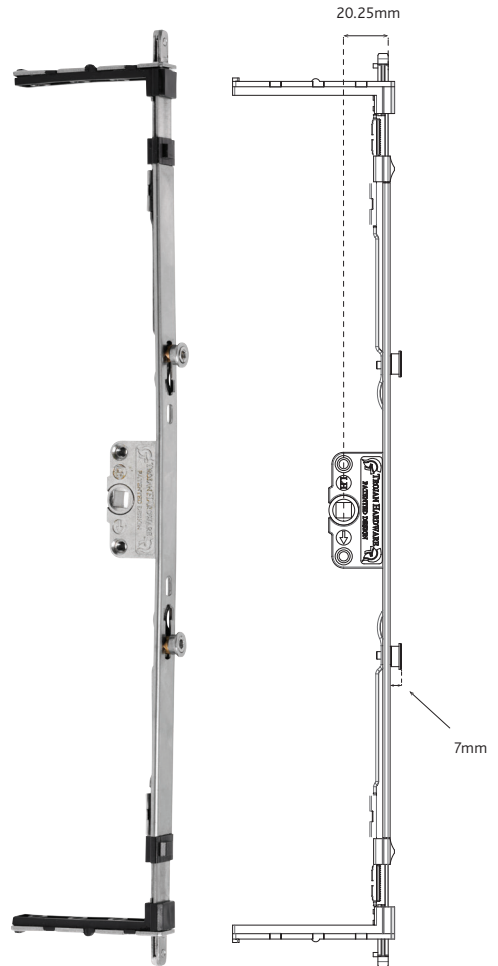

The Stallion 2 Shootbolt Espagnolette is a simple to fit one piece telescopic locking system. The Quick Fit telescopic design requires no cutting or cropping. Additionally, the unique clip in design feature allows the espagnolette to be clicked into place in the eurogroove, reducing the number of screws required.

An automatic self-setting action fixes the shootbolt espagnolette at the desired length while rising cams maximise engagement and frame clearance.

Manufactured predominantly from stainless steel to offer the highest corrosion resistance, exceeds BS EN 1670 Grade 4, 240 hours, salt spray test.

### Technical Information:

- Backset: 20.25mm
- Cam height: 7mm
- Cam adjustment: +/- 0.70mm
- Faceplate width: 16mm
- Eurogroove depth: both standard 12mm and shallow 8mm
- Sash rebate size range: 300mm – 1750mm
- Salt spray tested to BS EN 1670 240hrs
